Feeding Bodies, Fueling Minds!

Menus are posted on the district webpage, www.usd453.org; Child Nutrition, Menus. Channel 2 also broadcasts the menu. Additional information can be found in the Child Nutrition portion of the district website.

Please be sure your child's meal account has funds available. Meal account deposits can be made in two easy ways--

- Visit www.mypaymentsplus.com to make payments 24/7, check available balances, set up low balance e-mail alerts & track purchases. Deposit into the *general account* to allow your child to purchase additional milk or ala carte items (high school students). Parents may choose the *meal account* to limit purchases to a traditional meal. *The website is available at no cost to parents!* Deposits may be divided between both accounts; all student meal accounts in a family may also be accessed with one deposit.
- Send meal payments to school with your child.

Low meal balance notification for Elementary or Middle School students are sent home with the student.

Application for reduced price or free meal benefits for your household can be completed online at www.usd453.org, Child Nutrition. A paper application is available at each school, the Board of Education Office or Child Nutrition Office. Only one application per household is needed each school year. Apply anytime during the school year if a decrease in household income occurs. Notification of reduced or free meal status is made by phone message.

Families applying for reduced price or free meals are responsible for the cost of meals until the application is approved.

Questions about school meals? Contact your school's Child Nutrition Manager or the Child Nutrition Department at 684.1568.
