

PIONEER RESTART

NEXT WEEK (SEPTEMBER 9-11)

In the hybrid model, Leavenworth USD 453 operates at 50 percent capacity with safety measures in place. In-Person students alternate between learning at home (short-term hybrid) and learning at school to reduce class sizes and allow for thorough cleaning between groups of students. Rigorous Remote & Virtual Learning students continue to learn at home. Wednesdays would be Remote-Only for All Students, with In-Person Group A attending On-Site Mon/Thurs; Group B Tue/Fri.

The decision to remain in hybrid (as opposed to 100%) is based on review of community gating criteria: % positive / daily case average; total cases per 100K; community positive percentage.
